Argon 18 Road

Gallium
\$2 999.99

Flagship of the Argon 18 collection, the Gallium Pro has been completely reinvented for 2011. Guided by our HDS principles, our R&D staff has developed a new mold that maximizes tube size in the most appropriate areas of the frame. Our deformation resista [\[Product Details...\]](#)

Gallium
\$2 199.99

A new design for 2011 Thanks to its lower bottom bracket and improved front lateral rigidity, the 2011 Gallium frameset exemplifies optimal balance and high performance. [\[Product Details...\]](#)

Krypton
\$1 499.99

The Krypton has been revised with one thing in mind: to let riders make the most of their potential. This latest Krypton benefits from an added measure of efficiency, with an extra 17% rigidity where it counts as well as a newly-designed fork that matches [\[Product Details...\]](#)

Randon
\$499.99

With a geometry that closely mirrors the Gallium Pro™s, this triple-butted aluminum and carbon combination offers outstanding value. The Radon is an excellent choice for cyclists looking to get serious about riding. As a result of data obtained in the Ga [\[Product Details...\]](#)
