FT1
\$4 899.99

The Special Edition for the anniversary of his world victory at Renaix of Maurizio, mounts components of the highest level. Colours and specially-designed graphics are entirely exclusive, intended for those who always want to stand out from the crowd and [\[Product Details...\]](#)

FT2
\$3 499.99

The TF2 provides the maximum of design expression and of technical contents: this frame is on the forefront as far as its structure is concerned, with its important technical solutions. The fibre used is the 3K, in a prepreg 4x4 twill with a high module t [\[Product Details...\]](#)

Monocoque frame in 12k large weave carbon fibre, pre-impregnated with epoxy resins. The special ribbing and the waisted cross-sections are the result of a painstaking design work using cad 3D models and software. A young and simple frame design, completes [\[Product Details...\]](#)
